

WHAT MAKES JAK DIFFERENT?

Since 2001, our family-owned and -operated business has been helping homeowners in New Jersey and beyond craft beautiful, sturdy floors that bring joy to their daily lives and value to their homes.

- ♦ As National Wood Flooring Association (NWFA) members, we adhere to the very best practices and exceed industry standards.
- ♦ From preparation to final inspection, we will not be satisfied with anything less than perfection for our customers.
- ♦ We go above and beyond to treat you, not just your floor, with the utmost respect.
- ♦ Check out our many 5-star reviews to hear about the JAK difference from customers like you.

and how we can help you!

"We have used JAK Wood Flooring at three different homes over the past few years and each time has been a great experience ... they show up on time, complete the work as scheduled and have excellent workmanship. We have had floors refinished and new flooring installed, and all projects came out very nice ... We highly recommend JAK Wood Flooring."

A SOLID APPROACH TO FLOOR MAINTENANCE

Your floor is important. So much more than just planks of wood to walk on, your floor is an investment that supports the style AND safety of your home. With so much daily wear and tear, why wouldn't you want it to look its best? Routine maintenance and cleanings grant you:

♦ PROACTIVE CARE

Regular service will ensure the best defense against avoidable repairs or the potential need for a refinish.

♦ LONG-TERM SAVINGS

Our plans include discounted services paired with the routine touch-ups and repairs needed for a healthy floor.

♦ LONGEVITY: A well-maintained floor will look (and function) better for longer.

♦ PEACE OF MIND: Rest easy knowing the floors you've so heavily invested in are in excellent shape year after year.

INTRODUCING:

THE QUALITY CARE CLUB!

Fortunately, you don't need to lift a finger to maintain your floor! Our Quality Care Club includes everything you need and more to bolster your investment and make you feel good about your floor.

Kick Dirt to the Curb

WITH A DEEP CLEAN

Our Club members can receive up to two deep cleanings annually to combat unwanted debris and keep your floor in fantastic shape. In just three steps, we will help you reach a level of cleanliness beneath your feet that you've never thought possible.

STEP 1: PRE-CLEAN VACUUMING

A deep clean begins at the surface. We'll remove loose dirt and dust to ensure nothing gets in the way of the heavy-duty work.

STEP 2: FLOOR-SPECIFIC DEEP CLEANING

Depending on your floor type, we'll deploy different methods of permeating the surface and safely extracting (and eliminating) built up dirt, grime and dust.

STEP 3: FINISHING TOUCHES

Cleaning is dirty work. The final step is ensuring we've covered all of our bases. We'll make sure your floor has been rinsed, dry, squeaky-clean and free of streaks.
